

JOINT STATEMENT

THE GOVERNMENT OF KOSOVO

AND

THE GOVERNMENT OF DENMARK

ON STRENGTHENING THE COOPERATION BETWEEN THE TWO COUNTRIES

We confirm the close and longstanding cooperation and relationship between Kosovo and Denmark. Denmark has had a significant presence in Kosovo in the past and contributed to peacekeeping and the democratic development of Kosovo. We affirm the historically close ties between our two countries and we share a desire to strengthen our existing bilateral relations.

We are committed to shared fundamental values and are jointly determined to further strengthen the rule of law, democracy and human rights. We will also join forces in accelerating the energy transition and promote energy efficiency and renewable energy.

We are aware of the significant positive developments in notably the correctional service system in Kosovo, and we agree that by intensifying the cooperation between our two countries in this area, Kosovo will have the opportunity to further strengthen its correctional service system.

With the intention of a longer engagement and a closer relationship we agree on working towards strengthening our bilateral cooperation with the following two initiatives;

Cooperation in the field of the prison services

Minister of Justice Albulena Haxhiu and Minister of Justice Nick Hækkerup signed a Letter of Intent stating their joint determination to strengthen their cooperation in the field of the prison services. To that end the Government of Kosovo states its intention to make prison capacity in Kosovo for 300 inmates available to the Kingdom of Denmark for which the Government of Denmark states its intention to pay an annual fee of € 15,000,000 over an initial five-year period with the possibility for an automatic extension for an additional five-year period.

Enhanced political and development cooperation

Minister of Economy Dr. Artana Rizvanolli and Minister for Development Cooperation Flemming Møller Mortensen signed a Letter of Intent concerning enhanced political and development cooperation.

The two countries agree to conduct regular political consultations in areas of mutual interest and to strengthen cooperation on green transition and the promotion of rule of law, democracy and human rights. Pending approval by its appropriating authorities, the Government of Denmark intends to support relevant programmes and projects in this regard within the frame of € 30,000,000 over an initial five-year period with a long-term perspective and through relevant international partners. While the main area of focus for development cooperation is expected to be within green transition, up to € 2,500,000 will be dedicated projects to promote rule of law, democracy and human rights.
